#### Introduction

This document constitutes the Northern Rivers Joint Organisation Statement of Revenue Policy and is prepared in accordance with section 406 of the Local Government Act 1993 ("the Act") and section 397I of the Local Government (General) Regulation 2021.

The Revenue Policy includes the following statements for the year 2024/25 financial year:

- b) each membership and non-voting membership fee;
- c) types of fees to be charged by the Northern Rivers Joint Organisation and the amounts of each such fee;

- e) any other such matters as may be prescribed by the regulations.

The statements in the Revenue Policy with respect to membership and non-voting membership fee include, as required, the following particulars:

a) the base amount of the membership and non-voting membership fee;

- b) the ad valorem amount (the amount in the dollar) membership and non-voting membership fee;

# Factors Influencing Northern Rivers Joint Organisation Revenue and Pricing Policy

The following factors will influence the Northern Rivers Joint Organisation's revenue and pricing policy.

#### Community service obligations

A community service obligation arises where a council provides a function or service that has general community benefits beyond those received by direct users.

Councils generally provide services that are considered to have community importance but are not viable or practical to be provided on a commercial basis.

Councils review their level of Community Service Obligations as they relate to fees and charges.

Where such a community service obligation may exist across the membership of the Councils, the Councils may consider the community service obligation as a group.

#### Cost recovery

Northern Rivers Joint Organisation applies the principle of full cost recovery to determine the total cost of services.

#### The user-pays principle

The User-Pays Principle involves pricing the provision of goods, projects, services and facilities that require the user or the consumer to pay the actual cost of the service provided.

The Northern Rivers Joint Organisation may apply this pricing policy for the provision of project works and activities to businesses or members of the community.

#### Corporate overheads

Northern Rivers Joint Organisation corporate overheads are for governance, employment, administration functions and compliance required to deliver on the Strategic Regional Plan and the annual Business Plan.

#### Competitive neutrality

Competitive Neutrality is one of the principles of National Competition Policy applied throughout Australia at all levels of Government, including Local Government. Competitive neutrality is based on the concept of a "level playing field" for competitors in a market, be they public or private sector competitors. All Government business organisations should operate without net competitive advantages over businesses as a result of their public ownership. Where Northern Rivers Joint Organisation competes in the market place with other private businesses, Northern Rivers Joint Organisation will do so on the basis that it does not utilise its public position to gain an unfair advantage over private businesses that may be in competition with Northern Rivers Joint Organisation or the Councils.

#### Goods and services tax

The Federal Government's Goods and Services Tax (GST) must be applied to non-exempt fees and charges. The current rate of the GST is 10% and is included in the price paid by the recipient of the service. The GST indicators (GST exempt or not) in the list of fees and charges are subject to change at any time from changes that occur in the GST Act and/or regulations.

# Ordinary Membership policy

Each member council is to contribute a monetary payment or equivalent contribution based on the following methodology:

- a) an equal share of 50% of the required annual membership fees, plus
- b) a share of the remaining 50% of the required annual membership fees apportioned by population using the latest census population figures from the ABS by LGA

Member councils will be consulted about proposed contributions by:

a) Draft budgets for each financial year are to be presented at the February meeting of the Northern Rivers Joint Organisation in order for the proposed annual membership fees to be identified before each member Council commences the budget cycle for the upcoming financial year.

#### Fees for service

#### Approved fees for service

Section 608 of the Local Government Act 1993 provides that the Northern Rivers Joint Organisation may charge and recover an approved fee for any service it provides, other than a service provided, or proposed to be provided on an annual basis for which it is authorised or required to make an annual charge under Section 496 or 501 of the Act.

Section 609 of the Act provides that when determining the approved fee, the Northern Rivers Joint Organisation must take into account the following factors:

- a. the cost of the Council providing the service;
- b. the price suggested for that service by any relevant industry body or in any schedule of charges published, from time to time, by the Division of Local Government;
- c. the importance of the service to the community; and
- d. any factors specified in the regulations under the Act.

# Credit card surcharge

Northern Rivers Joint Organisation imposes a Credit Card Surcharge on all payments made via credit card in accordance with Reform of Credit Card Schemes in Australia (iv) and Final Reforms and Regulation Impact Statement August 2002.

# Private works

Northern Rivers Joint Organisation may carry out any kind of work that may lawfully be carried out. Private work will be carried out on the basis of a charge representing full cost recovery of the work carried out plus a margin for profit. The profit margin is dependent on and subject to market forces applying at the time.
